

Position: Natural Resource Analyst

Location: Salt Lake City, Utah

AgReserves Inc. is a multi-national company that operates investment farms and ranches throughout the world.

Position Description: The Natural Resource Analyst is a key member of the Natural Resource Group. They administer water and other natural resource assets in an assigned region. Works with region Land and Government Affairs Managers (LGAMs) and operations managers to effectively manage natural resource assets, plan beneficial use, help manage governmental agency compliance, and preserve/enhance long-term value of natural resource assets. Also helps acquire and maintain GIS data on assets, sources, and delivery systems for agricultural properties.

Essential Duties and Responsibilities:

- Administers natural resource assets in assigned region in support of Natural Resource group priorities
- Provides Natural Resource due diligence support for acquisitions and dispositions.
- Supports Natural Resource group special projects and presentations using GIS/mapping (for example, solar project development)
- Develop digital natural resource information repositories
- Visits properties and inventories natural resources opportunities and risks

Knowledge/Skills/Education Requirements:

- Masters degree in geography, geology, GIS, natural resource management, surveying, engineering, or related field
- 6+ years additional related work experience preferred
- UWRA and GRAC (or equivalent) membership preferred
- Knowledge and understanding of legal descriptions, real estate transactions, and related water asset documents
- Advanced computer skills, including demonstrated proficiency in ArcGIS, and the use of GPS equipment and database software preferred
- Proficient with MS Office suite and other related computer applications/equipment
- Excellent verbal and written communication skills in English
- Water engineering skills preferred
- Able to
 - Effectively research, compile, and succinctly report information
 - Organize and prioritize work responsibilities
 - Work independently and in team settings
 - Learn quickly and adapt to change

Physical Standards and Work Environment:

- Office environment including operating computers and other office equipment
- Field environment, including physical and intellectual ability to effectively operate GPS equipment in field conditions
- Traversing rough and uneven terrain in motor vehicles or on foot
- Ability to work for sustained periods of time maintaining concentration and attention to detail, including ability to function with distractions typical of an office setting and field work
- Ability to communicate effectively in English in person, by telephone, and in writing
- Ability to transport files and lift up to 30 pounds

Salary/Benefits: Salary is commensurate with experience. Full-time employees receive excellent benefits including: Medical, Dental, Group Term Life, Disability, Retirement Plus Plan, 401k, and Flex-Spending. In addition, we offer paid vacation and sick time, paid parental leave, and tuition reimbursement.

To Apply: Please send a resume to careers.ari@ari-slc.com with the job title in the subject line.
